

# R6400-RHF Series - Rear Hinged Frame

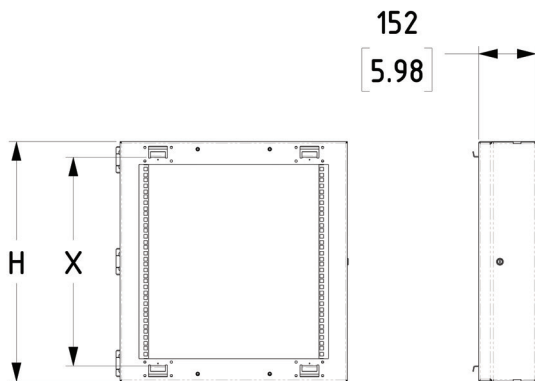

*External rear hinged frame for wall mount enclosures*

The new R6400-RHF Rear Hinged Frame turns R6400 and R6600 wall mount cabinets into double section (hinged) wall mount cabinets.

Make your wall mount enclosure easily accessible from the rear thanks to this external rear hinged frame. The entire rack can swing out, away from the wall, thanks to this strong back hinge; making it easier than ever to run cables, replace equipment parts, etc.

- **Easily Installation:** convenient mounting bracket included.
- **Reversible:** can be mounted either for left or right hand use.
- **Easy to use:** easy open and slam shut system
- **Secure:** Key lock included
- **Solid:** Heavy duty hinges allow for over loading of the rack up to 50kg /110lb
- **Convenient:** Top and bottom 1U cable knockouts

	Height (H)	Mounting (X)
R6400-RHF-6U	366.7mm / 14.44"	284.7mm / 11.2"
R6400-RHF-9U	500mm / 19.69"	418mm / 16.46"
R6400-RHF-12U	633.4mm / 24.94"	551.4mm / 21.71"
R6400-RHF-18U	900mm / 35.43"	818mm / 32.2"
